

Individuals

Behave responsibly and respectfully towards catch, nature/environment, other people and the organiser.

Ask for help if you need it.
Help others if they are in need.

Make sure your safety equipment is in good condition.

Bottom line:
Act responsibly towards fishermen, catches and the environment.

Organizer

Make sure your presence does not harm the nature and/or environment without making proper amends.

Do not allow catch-n-kill.

Quench and avoid any and all behaviour considered harmful and/or dangerous.

Always keep your participants insured.

Bottom line:
Act responsibly towards fishermen, catches and the environment.
